

Orthotics/ Durable Medical Equipment Policy

H2T is NEVER able to guarantee payment by medical insurance carriers for Orthotics and/or Durable Medical Equipment. H2T will bill your medical insurance as a courtesy, if claims are denied; patient is responsible for payment in full. Self-pay patients are responsible for payment at the time services are rendered.

Due to sanitary reasons and professional health care standards, we do not accept returns on any purchased or dispensed products, even if patient states product has not been used.

X-ray Policy

Certain medical conditions require X-rays for proper diagnosis. X-rays are a separate charge from physician exam fees, and not included in the office visit fee. X-rays are a separate charge billed either to your medical insurance company, or directly to the patient. Self-pay patients are responsible for payment at the time services are rendered.

Pregnant or suspected pregnant patients MUST inform H2T staff regarding their condition. Additionally, if patient has any other medical conditions or concerns regarding X-rays, inform H2T staff immediately so we can best accommodate you.

Study Policy

We are pleased to participate in the advancement and improvement of the latest health care service and product renderings. Therefore, we often conjointly collaborate on various clinical trials. Patients participating in any H2T clinical trials will need an initial evaluation by H2T physician. Medical insurance will be billed for the initial evaluation including X-Rays and other associated procedures necessary for proper treatment. Co-payments and all uncovered services will apply. We will advise you of any complimentary or discounted product or service offers in conjunction with a clinical trial.

Workers Compensation (Workman's Comp)

H2T does not participate nor process ANY workers compensation cases or claims.
